DETAILED ACTION

Allowable Subject Matter

1. Claims 10, 11, 13, 14, 17, and 18 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Drawings

2. The subject matter of this application admits of illustration by a drawing to facilitate understanding of the invention. Applicant is required to furnish a drawing under 37 CFR 1.81(c). No new matter may be introduced in the required drawing. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). The applicants never submitted FIG. 5. The corrected drawings are required in reply to the Office action to avoid abandonment of the application.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 10, 11, 13, 14, 17, and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. The amendment to claim 10 brought to light some antecedence issues. The limitation at line 4 should be placed after "device," on line 9 in order to coincide with "the first response signal". Also, "the communication device" on line 9 should be positively

recited as --the second communication device--. Lastly, "the subscriber" recited online 14 lacks clear antecedent basis. Should it recite --the end user--? Appropriate corrections are required.
